Touchstone NDT Limited joins Chamber

The PNG Chamber of Mines and Petroleum (“the Chamber”) is pleased to welcome on board Touchstone NDT Limited as its newest member.

As a new service member Touchstone NDT Limited like all other service members can participate in Chamber events at discounted offers which adds more value to their business by networking with other service members as well as those from the full and associate member categories.

Managing Director and Founder of Touchstone NDT Limited Mr. Lawa Kiriwi said it was timely for his company to sign up as a member of the Chamber given the different projects within the industry.

“We endeavor to become Papua New Guinea’s leading Non – Destructive Testing (NDT) and Asset Integrity Company through best technology methods, business partnerships, and human resource development by providing training and employment. We look forward to participating at Chamber events as this is a great platform for us to grow our business and add value to the communities we operate in and overall, the industry.”

Touchstone NDT Limited is a 100% PNG owned company specializing in offering Conventional and Advanced Non-Destructive Testing (NDT), Lifting Gear Inspections, Load Testing, Plant Storage Tanks, Pressure Vessels & Piping, Inspections and Dropped Object Prevention Solutions (DROPS) survey which are services needed by operators in the mining and petroleum industry.
