PRINCIPAL PREMIUM WORDS FROM OUR SPONSORS

“The conference is also a great platform to showcase the how Papua LNG is and will be a catalyst for enhancing the social and economic development of PNG and its people. In addition, it gives us the opportunity to show the Project’s endeavor to be a landmark project in terms of sustainability, carbon footprint optimization, and biodiversity considerations.”

“The conference is a strategic platform for promoting and attracting responsible investment in PNG’s resources sector. We hold to our view of Papua New Guinea as a worthy and attractive investment destination. It will continue to attract and retain investment especially within this sector.”

- Fabrice Brouard, TotalEnergies PNG Ltd
Acting Managing Director

PRINCIPAL PREMIUM WORDS FROM OUR SPONSORS

Santos

“We are also pleased that the theme for this year’s conference ‘Promoting Sustainable and Equitable Investment’ aligns with our key goals of supporting and developing natural gas resources safely and sustainably while continuing to deliver jobs and business opportunities, support the local economy and build more resilient communities. This is at the heart of what we do and is part of our purpose in creating a better world.”

- Leon Buskens, Santos Country Chair (PNG)

PRINCIPAL

As a 100 percent PNG-owned company operating for 40 years providing employment, business opportunities, royalties, dividends, taxes, and other benefits, we believe Papua New Guinea remains a highly attractive investment destination for potential investors from the global resource and energy industry. The opportunities are endless, and we will continue to support the chamber in this endeavor of marketing PNG to the world.”

The PNG of Mines and Petroleum is a non-profit, peak industry association that represents the interests of the mining and petroleum industry and associated industries in PNG.

Since its establishment in 1987, the Chamber has gained the respect of both the business community at large, the civil society, the industry itself and the Government over its 30 years of evolution.

Apart from hosting international and in-country conferences, workshops and seminars, and producing industry relevant publications, the Chamber provides the interface between Government and the industry on key policies and legislations that impact the industry and the country.
